AND YOU? DO YOU KNOW WHAT YOUR KIDS ARE DOING ONLINE?

Protecting your little ones from the dangers of the Internet and new technologies is becoming increasingly difficult. However, with Panda Dome Family, guiding and protecting your children online will be much easier.

Panda Dome Family will help you:

- Stop mobile device addiction.
- Prevent unauthorized online purchases.
- Prevent the use of inappropriate apps and social networks.
- Monitor your children's Internet usage (the apps they use, the social media sites they visit, the time spent on each of them, etc.).
- Gain peace of mind knowing the whereabouts of your loved ones at all times and receiving alerts from Panda every time they enter or leave a predefined area.

Additionally, Panda Dome Family can also be used with seniors requiring monitoring and location tracking.

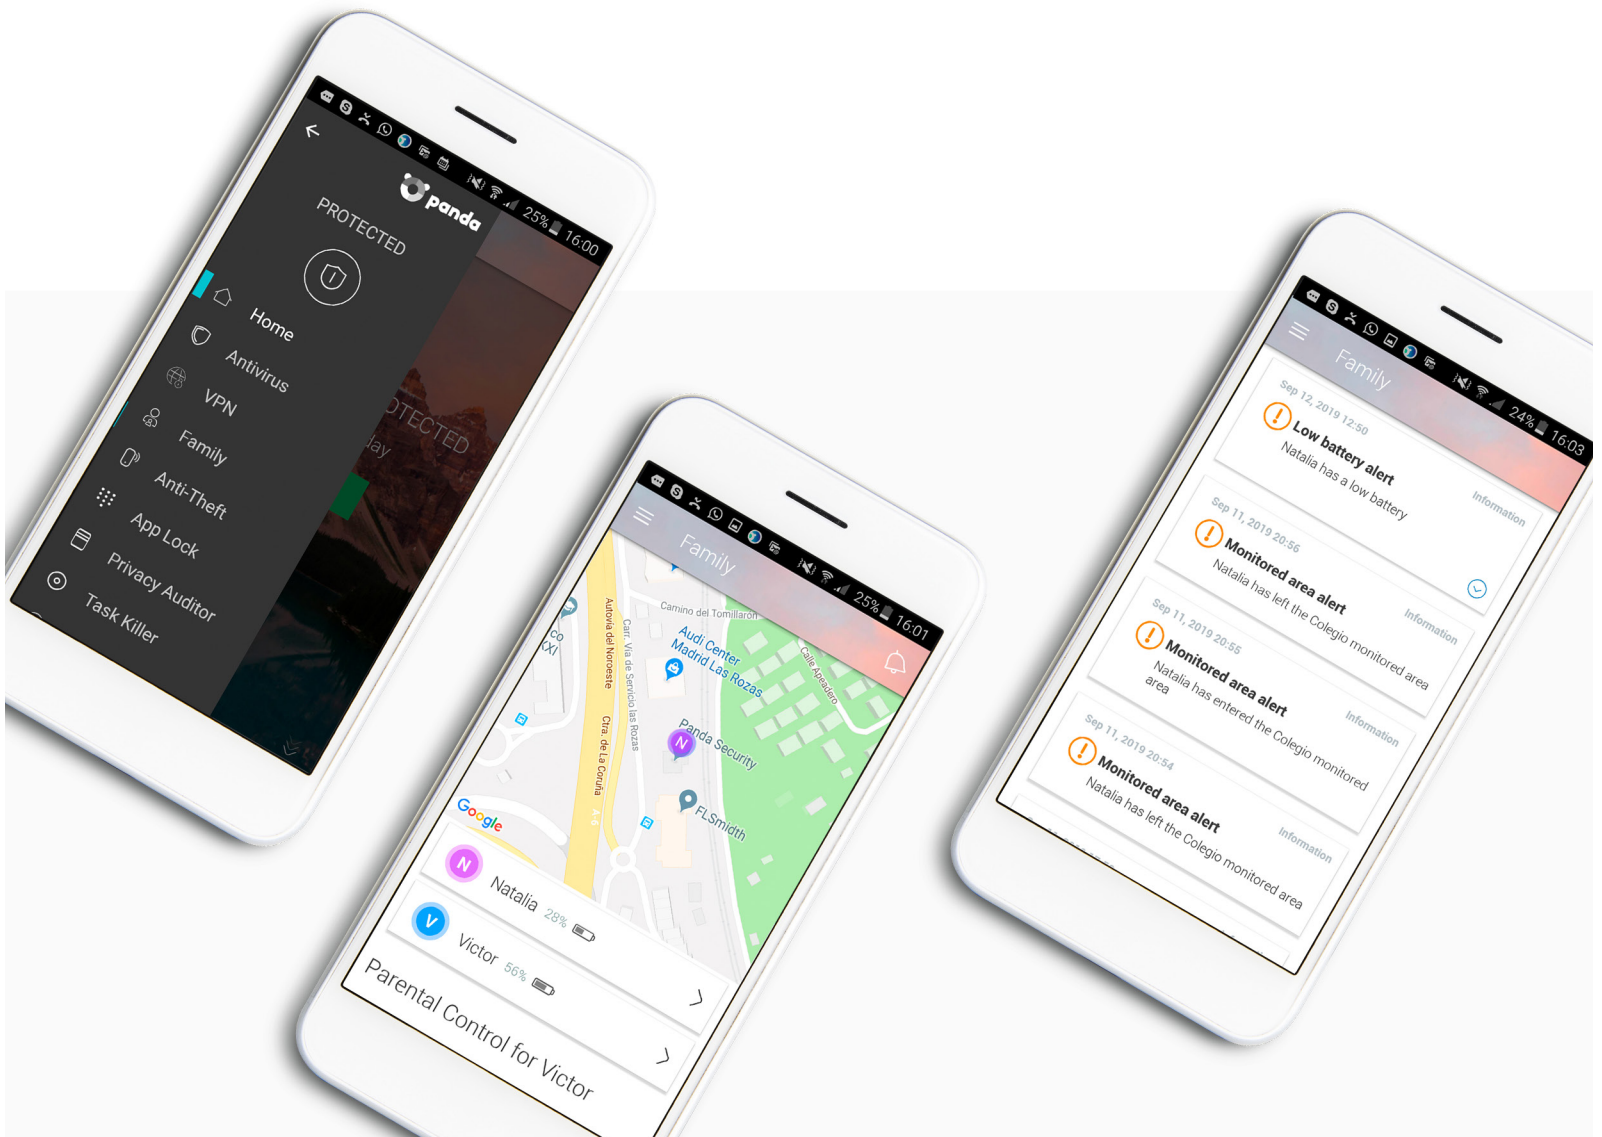

WHAT CAN YOU DO WITH PANDA DOME FAMILY?

-  Locate your loved ones in real time.**
-  View your children's location history (for the past 30 days).**
-  Block or set time limits for phone or tablet usage.*
-  Block or set time limits on apps.*
-  View usage reports for apps such as YouTube, WhatsApp, Instagram or TikTok.*
-  Get alerts when your kids arrive at or leave school, extracurricular activities or any geographic area you define.**
-  Access information about your family members from your mobile device and/or Web console.**
-  Enjoy peace of mind knowing your children have a panic button available that will alert you immediately and will show you their current location in case of emergency.**

* Only available for Android™ devices

** Available for iOS® and Android™ devices

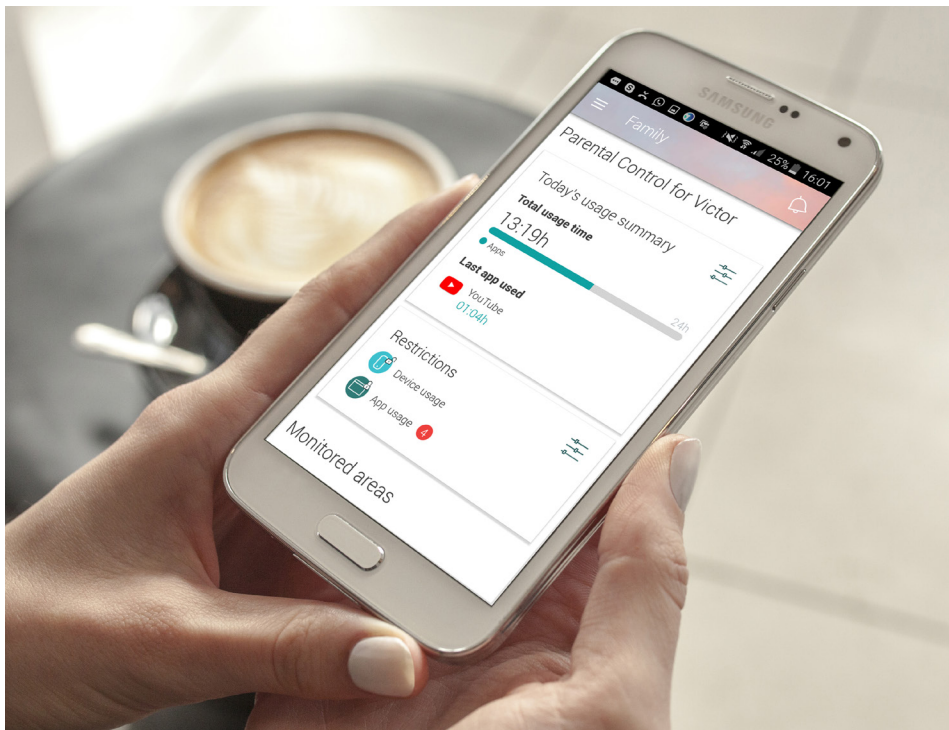

PLUS, PANDA DOME INCLUDES:

-  VPN for your loved ones to browse the Internet anonymously, privately, and safely even on public Wi-Fi networks.**
-  Antivirus protection against all types of viruses and malware.*
-  Anti-theft protection with multiple features:
 - Lock and wipe your family's mobile devices remotely in the event of loss or theft.*
 - Prevent theft with motion alerts. An alarm will sound if anyone takes your device without permission.*
 - Get theft alerts with a photo of the 'thief' and their location after three failed attempts to unlock your device.*

* Only available for Android™ devices

** Available for iOS® and Android™ devices

MINIMUM SYSTEM REQUIREMENTS

 Android™

- Operating System: 5.0 or later.

 iOS®

- Operating System: 10.3 or later.
